NO. 11.

MIDDLEBURG.

John Price and Miss Ethel Bastin, of the Walltown section, were married Sunday, Rev. L. B. Lee officiating.

Sickness is abating somewhat here. Those who have been confined to their homes are out again and a better feeling prevails generally.

The trustees are making an effort to buy the Middleburg Normal College for the use of the graded school. In case they fail to buy the property, Prof. J. S. Lawhorn proposes to lease it to the trustees for a term of years.

The Saints have just closed a two weeks' meeting at the new church on Grove Ridge, just east of Yosemite. Revs. O'Dear and Chappell did the preaching and large crowds attended the services, especially at night, though but few were sufficiently impressed with the new doctrine to embrace it.

The death of Dr. J. T. Wesley, mentioned in last Friday's issue, has cast a gloom over the community. Probably no one could have left us who would have been so sadly missed. He was a familiar figure here for nearly 30 years and was foremost in every good work. He was a man of even temper, polite to every one, even to the urchin on the road-side. He loved his profession, to which he devoted his whole life, and practiced in the poorest homes regardless of the prospects of remuneration. He was a member of the Methodist church and superintendent of his Sunday school almost continuously since the organization of the church, some 25 years ago. He took great interest in education and had high ideals as to the training of youths. The funeral services took place at the Methodist church Thursday afternoon and were conducted by his pastor, Rev. W. W. Hunt, when his body was laid to rest in Middleburg cemetery. Dr. Wesley was 69 years old and had been a practicing physician for 48 years. His wife and three children are left to mourn his loss. In his demise the wife has lost a loving husband, the children a kind father, the church one of its most devoted members and the community an honest man.

Resolutions of Respect.

Waynesburg K. O. T. M. Lodge No. 65.

Whereas the Grand Master of the universe has seen cause to take from us our esteemed and beloved brother, Leslie Padgett, who was born June 28, 1888, made a Maccabee in this Lodge Jan. 21, 1908 and died March 30, 1909. Therefore, be it resolved that this lodge has lost a good man and Maccabee, his community a highly respected citizen and his parents a kind and faithful son. That the sympathy of this lodge be extended to his parents, sisters and brothers and that the lodge wear the usual badge of mourning for 30 days.

Resolved, that a copy of these resolutions be spread on our minutes and that a copy be sent to the INTERIOR JOURNAL for publication. Stanley McIntosh, Hendricks Hays, E. C. Jordan, Committee.

Kingsville and Her Advantages.

The following in circular form is being sent out by the enterprising citizens of Kingsville and vicinity:

Kingsville is a small town, located in Lincoln county, Ky., on the Cincinnati, New Orleans & Texas Pacific R. R., 136 miles south of Cincinnati. Has a good Graded School, three churches, four stores, hotel, planing mill, saw mill, hoghead factory and other conveniences—such as rural mail and telephone service that reach most every farm house. The town is surrounded by a country that offers special inducements to men of limited means who wish to secure cheap homes. Our winters are mild, our summer days are pleasant and our summer nights are delightful.

A bad drouth or crop failure has never been known here. The county is blessed with never failing springs of the finest freestone water.

The land is sufficiently rolling to drain and produces fine fruits and vegetables, also field crops, such as corn, wheat, oats, cow peas, potatoes and tobacco. Burley tobacco of a very fine quality is grown here and from 200 to 400 bushels of potatoes have been grown on one acre of this land. All the tame grasses grow here, but Red and Alky clover, timothy and orchard grass are the varieties usually grown.

Strawberries of the finest quality are shipped from here every season.

As stated above, this locality offers special inducements to people of limited means.

Land is cheap here now but with good schools, and churches, good climate, good water and the land itself producing from \$125 to \$150 per acre (especially when cultivated in tobacco,) this land will advance in price from 25 to 50 per cent. within the next few years.

This is not a real estate advertisement, but the statement of a few plain facts furnished by the Growers' Association of this community, the names of whose official members are herewith submitted.

A WASHINGTON dispatch says that President Taft and Senator Bradley have banded and confederated together, so to speak, to improve the chances of the party carrying the State in the next gubernatorial election, increasing the republican quota of the Congressional delegation, and finally electing a republican to succeed Senator Paynter. In this ambitious effort they are to be assisted by the Kentucky republican members of the House. The work of republicanizing the State is to be done by the judicious distribution of Federal patronage and also with lucre. Senator Bradley's success in landing a capital prize has made him optimistic, with which feeling he has imbued the president, who now regards him as almost an oracle. They have gotten in full accord and although the Senator opposed the president for the nomination, they have gotten to be the best of friends.

THAT the Payne bill was filled with riotous imperfections, was a false pretense, was designed to cover up the extravagance of the republican administration, that it did not redeem party pledges, and that it sounded the death knell of the dominant party, were some of the criticisms passed upon the measure by the democrats in the House.

EIGHT hundred saloons are marked for slaughter in April, according to the statement of Superintendent Shumaker, of the Anti-Saloon League, of Indiana. Two hundred and seventy-six were wiped out in March. Shumaker says that nearly 700 have been abolished since the first local option election was held in December.

THE people of Naples, Italy, are showing great interest in the arrival of former President Roosevelt. The brevity of Mr. Roosevelt's stay, however, will compel the abandonment of many of the arrangements which have been made for his entertainment. He probably will be able to remain in Naples for only a few hours.

REPRESENTATIVE VICTOR MURDOCK, of Kansas, has introduced a bill in Congress calling upon the States to refund the money that Andrew Jackson distributed among them in 1836, when the surplus from the sale of public lands reached \$38,000,000. There is no earthly possibility of the bill becoming a law.

WITH no more than a corporal's guard on hand at any time during the day, the debate on the Payne tariff bill in the House proceeds wearily. Two weeks already have been consumed in general discussion of the measure and the belief is that it is now concluded.

IF the farmers had some wheat now they would be in clover. May wheat was worth \$1.22 in Chicago Saturday. That's a low price; prices most al-ways soar heavenward after the farmers have disposed of their products.

The House Committee on Ways and Means at a full meeting decided to amend the Payne tariff bill by removing the duty on tea and the countervailing duty on coffee.

Combs, of Lexington, was elected campaign chairman and Lexington was selected as permanent campaign headquarters. Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys, hence, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is acid, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can do and will do for you. Druggist recommend and sell
